

FuelsEurope Statistical Report 2024 is published

Brussels, 10 July 2024: FuelsEurope published today the 2024 edition of its Statistical Report.

High quality, verified and reliable facts and figures are essential to support economic and political analysis. Continuing the legacy of FuelsEurope statistical annual reports, the Statistical Report 2024 aims at providing a comprehensive set of data and statistics about the fuel manufacturing industry that can be used by all stakeholders.

This year's edition is divided in seven sections and contains over 50 graphs:

1. Prices & margins
2. Energy
3. Products
4. Import dependency
5. Refining
6. Emissions
7. Retail & marketing infrastructure

The report also includes data on global energy markets, products demand and international trade flows, fuel specifications, prices and margins, taxation, the integration with the petrochemical sector as well as the environmental performance of the EU fuel manufacturing industry.

FuelsEurope Statistical Report 2024 can be found [here](#).

- ENDS -

FuelsEurope, the voice of the European fuel manufacturing industry. FuelsEurope represents, within the EU institutions, the interest of 40 companies manufacturing and distributing conventional and renewable fuels and products for mobility, energy & feedstocks for industrial value chains in the EU.
